### Support Teal by Going Green!

We are proud to announce Kaleidoscope of Hope Foundation's association with Viridian Energy, a socially responsible retail energy company that supplies affordable, green energy in NJ, NY, CT, MD, PA, and IL (as of 8/1/11). Viridian pursues its mission of sustainable community outreach through its unique fundraising program, which provides income to non-profit organizations like ours for referring customers to their electricity service.

### What's The Deal?

When you sign up with Viridian, you get their competitive variable rate on your electric bill and you are doing something better for the environment by choosing greener energy while also helping support Kaleidoscope of Hope! Think of the difference you can make by simply choosing an electric supplier!

***No enrollment fees!***

***Cancel at any time without any penalty!***

Many states, including ours, have instituted energy deregulation, and because of this, each of us may now choose our energy supplier. Your utility company will still deliver your electricity and service your lines. You will continue to receive just one bill from your utility and pay your bill to the utility just like you always have.

### How do I sign up?

First, make sure you have a copy of a recent utility bill. Then go to <http://www.viridian.com/kaleidoscopeofhope/> and click on "Become a Customer" on the top right of the page. Enrollment is free, fast and simple!

To see Viridian's current rates in your utility territory, click on "Energy Service" at top of the page, then click on "Our Markets and Rates" and find your service territory.

## Questions?

Please call Viridian's Customer Care at 899-663-2508

We are thrilled about the impact this unique fundraising is going to make for Kaleidoscope of Hope. There's never been a better, cheaper or easier way for you to help us out!

**We at Kaleidoscope Of Hope Foundation hope that you find the above information helpful and useful.**

Sincerely,

## Kaleidoscope of Hope Foundation
